Sara,

I wanted to add that omitting these few documents will accelerate the process as we will not have to consult on these documents.

Many thanks!

Good afternoon Sara,

The responsible area has provided some attachments to letters and emails that are not directly related to funding of Soccer, but since they are attachments they need to be treated.

Do you consent for us not to treat these documents that are not directly related to funding of soccer.

I will wait for your answer before proceeding.

Many thanks! Have a great evening!

Yes that is fine to not include FIFA 2026.

Thank you,

Sara

Hi Sara,

One of the section in Sports is asking if this would include information for FIFA 2026? If yes, this will take a very long time to respond to you because of the many consultations and extensions to be done on these kind of documents.

If not, I will advise that you do not want any information related to FIFA 2026.

Will wait for your response.

Thank you!

Hi,

Yes it is appropriate to reformulate my request to “*Records (specifically Grants and Contributions, briefing notes and correspondence exchanged on subject of funding) on Sports Canada funding granted to the sport of soccer in Canada, to both male and female organizations/associations.*

Thank you,

Sara Wicks

Hello Ms. Wicks,

We have received your request for: “**Soccer records from March 1, 2018 to present (Feb 18, 2018) concerning Sports Canada funding to soccer in Canada. Male and Female. Including but not limited to briefing noted and correspondence.”**

Before we can start our search for relevant records, the scope of your request requires clarifications to enable us to collect the appropriate information from the Sports Branch.

1. The term “Soccer records” is too broad and vague for our office to start collecting relevant records. Can you specify the types of records you seek? For example: grants and contributions.
2. Would it be more appropriate to reformulate your request to “**Records (specifically Grants and Contributions, briefing notes and correspondence exchanged on subject of funding) on Sports Canada funding granted to the sport of soccer in Canada, to both male and female organizations/associations.**”
3. If this proposed scope does not reflect the information you seek, please provide any other clarifications to allow our office to better scope this request.

Please note your request is On Hold until we obtain clarifications or confirmation of the proposed scope. We will consider your request as abandoned if we do not obtain a response by **March 29, 2019**.

Regards,

Josée Bigras
